Dear TMMI Partners,

I'd like to introduce you to one Denominational Leader whom your prayer and financial support has impacted mightily:

My full name is pastor yidnkachew (yidnk) . currently I am serving the lord in Ethiopian Emanuel head office in charge of Education and training department. My background is the traditional Coptic church and also got a chance to learn in Holy trinity theological college under Coptic church in diploma program . But my life transformed by the revival which arose in that traditional church. Emanuel church in Ethiopian is the result of that great revival .

God gave me His grace to write different teaching materials for our local churches . I published this materials and distributed to all our local churches and also teaching the word of God in different area. .

Before 4 years ago I got a chance to participate in Equipping indigenous Disciple making movement leaders by the masters mission int with the pastor chico as a translator . The idea about the preaching of the kingdom gospel and its result challenged me my life and ministry . I studied the difference between kingdom gospel and salvation gospel and also the great question of the training is the gospel which Jesus and His disciple preached is the same ? Why the 1st century church became powerful and spirit filled church as recorded in the Book of Acts the answer is that church was preached the kingdom gospel this powerful training totally governed my ministry . I witnessed for pastor chico several times . I appreciate pastor chico for his humble ministry and also influencing many leaders in Ethiopia .

As a writer and trainer I am still writing different materials and also I have a plan to write a book . last month on midnight the Holy spirit inspired my heart guided me to write a book by the title kingdom gospel depending on pastor chico materials and elaborating it for leaders and and I called to pastor chico to inform my vision he encouraged me . I already started my word I need your prayer.

Those who are working with pastor Chico and also his wife Daisy you should thank God about your ministry in Ethiopia it is bearing a fruit in Ethiopia . I have also strong appreciation for pastor chico for his passion to gospel.

I may face different difficulties on this work I am suffering with back pain taking a medication seeing a progress and also my office responsibility because I have to write materials for local churches beside this I have to write this book so prayer needs . some references also important to me. I married and have two daughters and one son . I love you all and I love pastor chico . I think I am one of your fruit in Ethiopia . my book will be your teaching material for many pray pray . may God bless you all.
