Hello from Hawasa Ethiopia,

On Monday 11/04 and Tuesday 11/05 I repeated a round six training with forty highly motivated leaders that I have been working with for several years. These leaders from Sashemene and Hawasa have been reproducing trainings one through five over the years throughout southern Ethiopia with remarkable disciple and leader multiplication as the result. Following The Master's Plan of Multiplication in which, one spiritual leader disciples and trains five or more people for a full year to be disciples of Jesus, who then each in turn disciples and trains five or more the next year, who disciple and train five or more each the next year and so on, multiplying disciples and leaders the Master's way! All the groups being trained through TMML in Ethiopia and Kenya have been doing the same thing since day one. Needless to say, we can no longer count the number of Jesus followers being trained and multiplied. May God bless you all for your faithful prayers, partnership, support and encouragement in ministry. None of this would be possible without your partnership.

Wednesday morning 11/06, Pastor Samson and I traveled by bus to Hawasa Airport, caught a flight to Addis Ababa where we boarded a connecting flight to our final training venue in Dire Dawa, located in the eastern part of the country near the Somali region. Tomorrow, will be day one of a two-day training. This will be our fourth time together and our topic will be: "The Church that Jesus is Building-Understanding our Identity and Purose."

Our training in Dire Dawa included 26 participants and concluded this afternoon, Friday 11/08. Many of the participants called it a life and ministry changing experience. Dire Dawa is a predominately Muslim city and proves to be a difficult ministry field. But the fields are white for the harvest. Our churches here are making slow but sure impact and are witnessing Muslims coming to Jesus. Please keep this area in your prayers.

I will fly to Addis-Ababa this evening and then late Saturday I will fly from there to U.S. Praise God, I had remained healthy, however, I am currently battling and intestinal parasite. Thank God for antibiotics! Thank you for your continuing prayers, I remain very grateful for your vital participation with TMML.

Advancing His Kingdom,

Pastor "Chico"
